III. Definitions

- a. **Amounts Generally Billed (AGB):** the average amount for emergency or other medically necessary patient services, using Medicare fee-for-service rates. CCMH calculates AGB using the "look back method" as defined in section 501 (r) (5) (b) (3) of the Internal Revenue Code. CCMH will limit amounts billed for emergency or other medically necessary care provided, to individuals eligible for assistance, to amounts not to exceed the AGB. CCMH will update the AGB annually. For the FY2016 the AGB discount is 48.5%. The AGB will be updated annually within 120 days of CCMH fiscal year end.
- b. **Assets:** Cash or assets which can easily converted to cash (CDs and money market accounts). Assets include but are not limited to checking accounts, savings accounts, stocks, bonds, certificates of deposits, cash and equity in property owned, excluding the primary residence.
- c. **Bad Debt:** Charges resulting from treatment for services provided to a patient and/or guarantor who, having the financial resources to pay for healthcare services, has demonstrated by his/her actions and unwillingness to comply with the contractual arrangements to resolve a bill or satisfy their outstanding obligations.
- d. **Bankrupt:** A legally declared inability or impairment of ability of an individual or organizations to pay their creditors. Creditors may file a bankruptcy petition against a debtor ("involuntary bankruptcy") in an effort to recoup a portion of

what they are owed. However, in the majority of cases, bankruptcy is initiated by the debtor (a "voluntary bankruptcy" that is filed by the bankrupt individual or organization).

- e. **Catastrophic Medical Assistance:** Financial assistance may be offered to those with catastrophic healthcare bills. For example, patients may qualify for full or partial financial assistance if, in any given three month window, their medical bills exceed 20% of their annual gross income plus assets.
- f. **Financial Assistance:** Financial assistance is defined as medical services provided at no charge or at a reduced charge to patients who are uninsured or underinsured and unable to pay based on income level, financial analysis, demographic indicators and/or further healthcare needs based on diagnosis. Financial assistance does not include: bad debt, contractual allowances from government programs, contractual allowances from insurance or uninsured patient discounts.
 - i. Two types of Financial Assistance offers exist at Carroll County Memorial
 - 1. **Full Financial Assistance:** Those patients who will qualify for fully discounted services

- h. **Emergency Care:** The patient requires immediate medical intervention due to a severe, life-threatening, or potentially disabling condition. Generally the patient is seen and/or admitted through the emergency room.
- i. **Income:** As stated in the "Federal Register" from March 4, 1996, the definition of income that was used to establish the Poverty Income Guidelines is as follows: "Income includes money wages and salaries before any deductions; net receipts from non-farm self-employment (receipts from a person's own unincorporated business, professional enterprise, or partnership, after deductions excluding non-cash deductions for business expenses); net receipts from farm self-employment (receipts from a farm which one operates as an owner, renter, or sharecropper, after deductions for farm operating expenses excluding non-cash expenses); regular payments from social security, railroad retirement, unemployment compensation, strike benefits from union funds, worker's compensation, veterans payments, public assistance (including Aid to Families with Dependent Children, Supplemental Security Income, Emergency Assistance money payments, and non-Federally-funded General Assistance or General Relief money payments, and training stipends; alimony, child support, and military family allotments or other regular support from an absent family member or someone not living in the household; private pensions, government employee pensions (including military

- l. **Patient:** The terms "patient" and "person" are used throughout this Policy for ease of understanding and drafting. This policy applies to the guarantor or financially responsible party of the patient's account. The term guarantor and financially responsible party is interchangeable with the terms patient and person throughout this Policy, when the guarantor or financially responsible party is different from the Patient.

IV. **Presumptive Financial Assistance Eligibility.**

- a. There are instances when a patient may appear eligible for charity care discounts, but there is no financial assistance form on file due to a lack of supporting documentation. Often there is adequate information provided by the patient or through other sources, which could provide sufficient evidence to provide the patient with financial assistance. In the event there is no evidence to support a patient's eligibility for financial assistance, Carroll County Memorial Hospital could use outside agencies in determining estimate income amounts for the basis of determining financial assistance eligibility and potential discount amounts. Once determined, due to the inherent nature of the presumptive circumstances, the only discount that can be granted is a 100% write off of the account balance. Presumptive eligibility may be determined on the basis of individual life circumstances which may include:
 - i. State-funded prescription programs;
 - ii. Homeless or received care from a homeless clinic;
 - iii. Participation in Women, Infants and Children programs (WIC);

- iv. Food stamp eligibility;
- v. Subsidized school lunch program eligibility;
- vi. Eligibility for other state or local assistance programs that are unfunded (e.g., Medicaid spend-down);
- vii. Low income/subsidized housing is provided as a valid address; and
- viii. Patient is deceased with no known estate.
- ix. Patient has declared bankruptcy.
